G5191BK TIM ARMSTRONG "SIGNATURE" ELECTROMATIC® HOLLOW BODY- NEW!:

Punk rock war-lord, Tim Armstrong makes no apologies that the music radiating from his soul at times can be loud & ferocious. His guitar tone alone has become as infamous as his world renown persona.

Gretsch is proud to introduce the G5191BK Tim Armstrong "Signature" Electromatic Hollow Body guitar. A big sound resonates from the parallel tone bars and sound post mounted under the top of the 17" wide body, which has a harp tailpiece and a pair of "BlackTop" Filter'Tron™ pickups for maximum sustain and tuning stability. Grover® tuners, big block fretboard inlays and gold-plated hardware set against the ominous FLAT BLACK urethane finish are a recipe to incite your senses to euphoria. Also available LEFT-HANDED.
