DIGITAL PIANOS

A GRAND REVOLUTION IN SOUND TECHNOLOGY

The revolution is here, the next generation Privia digital pianos have arrived. Boasting more than three times the waveform size as previous models and a redesigned tri-sensor scaled hammer action with ebony and ivory finished keys, the sound and feel of the new Privia models is beyond evolutionary. The grand piano sounds in Privia are superbly reproduced thanks to the new AiR (Acoustic Intelligent & Resonant) sound source which provides sensational dynamics, damper resonance and even compensates for the speed at which the hammers strike the strings at different velocities and key ranges. The new Privia line has also expanded with four different models which are available in a variety of colors and features. Some models have up to 256 notes of polyphony, sympathetic string resonance, cabinet simulation and provide audio recording directly to a USB thumb drive. It is time to join the revolution and play the finest digital pianos available, Privia.

Ebony and Ivory Feel

PX-150

Sleek, stylish and lightweight the PX-150 has the new grand piano sounds from the AiR sound source to take your performance to another level. The PX-150 features 18 tones with split and layer, a 2 track recorder, dual 8w speakers, USB MIDI and optional matching stand and 3 pedals.

PX-350

The PX-350 has the largest sound set in the Privia line with 250 built-in tones and full accompaniment capabilities with 180 built-in rhythms. The PX-350 also features USB storage allowing you to connect standard USB thumb drives to access MIDI files and create your own stereo audio recordings.

PX-750

The PX-750 has the grand piano sounds you need packaged in a stylish cabinet with sliding key cover. The PX-750 features 18 tones with split and layer, a 2 track recorder, dual 8w speakers, USB MIDI and 3 pedals.

PX-850

The flagship of the new Privia line, the PX-850 has the advanced AiR sound set providing an additional level of realism including grand piano lid simulation and sympathetic resonance. The PX-850 has a dual 20w speaker system and a cabinet that opens providing a rich concert sound.

Privia

DIGITAL PIANOS

PX-150

- Multi-dimensional AiR Sound Source
 - New 4 Layer Stereo Grand Piano Samples
 - Hammer Response
 - Damper Simulation
- Tri-Sensor Scaled Hammer Action with Ebony and Ivory Keys
- 18 Tones with Split / Layer capability
- 128 note polyphony
- 1 Song, 2 Track Recorder
- Duet Mode
- Class Compliant USB MIDI
- 2 1/4" headphone outputs
- Optional CS67 stand
- Optional SP33 Pedals

PX-350

- Multi-dimensional AiR Sound Source
 - New 4 Layer Stereo Grand Piano Samples
 - Hammer Response
 - Damper Simulation
- Tri-Sensor Scaled Hammer Action with Ebony and Ivory Keys
- 250 Tones with Split / Layer capability
- 180 Rhythms with Auto Accompaniment
- 128 note polyphony
- 17 Track Recorder
- Stereo Digital Audio Recording to USB storage
- Duet Mode
- Class Compliant USB MIDI
- Standard MIDI I/O
- 1/4" Audio Inputs and Outputs
- 2 1/4" headphone outputs
- Optional CS67 stand and SP33 Pedals

PX-750

- Multi-dimensional AiR Sound Source
 - New 4 Layer Stereo Grand Piano Samples
 - Hammer Response
 - Damper Simulation
- Tri-Sensor Scaled Hammer Action with Ebony and Ivory Keys and key cover
- Included matching stand with 3 pedals
- 18 Tones with Split / Layer capability
- 128 note polyphony
- 1 Song, 2 Track Recorder
- Duet Mode
- Class Compliant USB MIDI
- 2 1/4" headphone outputs

PX-850

- **Advanced** Multi-dimensional AiR Sound Source
 - New 4 Layer Stereo Grand Piano Samples
 - Hammer Response
 - Damper Simulation
 - **Sympathetic Resonance**
 - **Release Velocity**
 - **Cabinet Simulation**
 - **Open, Closed, Half and Removed Lid**
- Tri-Sensor Scaled Hammer Action with Ebony and Ivory Keys and key cover
- 20w x 20w speaker system with opening cabinet
- Included matching stand with 3 pedals
- 18 Tones with Split / Layer capability
- **256** note polyphony
- 2 Track Recorder
- **Stereo Digital Audio Recording to USB storage**
- Duet Mode
- Class Compliant USB MIDI
- 1/4" Stereo Audio Options
- 2 1/4" headphone outputs
